THREE OF WEWEE FAMILY PUT IN JAIL

Jack Weewee Arrested Here for Forgery Three Checks by Signing Hyman Schatz's Name.

BROTHER AND SISTER GET OUT

Maymie Leisure and Allen Weewee Released in Indianapolis After Kidnapping Escapade.

Three members of the Weewee family, who have caused the police here considerable trouble, were in jail today, two of them in Indianapolis and one in this city. The two in Indianapolis were released when no one from here appeared against them.

Maymie Leisure and her brother, Allen Weewee were held in Indianapolis on vagrancy charges after an escapade there last night in which they attempted to kidnap the four-year-old daughter of the Leisure woman from the Indianapolis orphans home, where the child was sent from here because the authorities decided the mother was not a fit person to have the custody of the girl.

Jack Weewee, a brother of these two, was arrested this morning for forgery by Chief of Police Yakey. He is accused of writing three checks, all for sums less than ten dollars, and signing the name of Hyman Schatz to them.

The grand jury will take up an investigation of the alleged forgery. Soon after Weewee was arrested it was understood that an inquiry would be started.

It is also charged that Weewee violated the selective conscription law by not registering last June. His age now is said to be twenty-two years. It is alleged that he could not show that he had registered when questioned by the police.

The following United Press dispatch from Indianapolis today describes the dramatic capture of the Leisure woman and her brother after they fled with the little Leisure girl.

"Maymie Leisure and her brother, Allen Weewee, both of Rushville, were held in jail today on vagrancy charges in connection of the kidnapping of the woman's daughter Arma, four years old from the Indianapolis Orphans home at 9 o'clock last night. The child was brought to the home here about six months ago following trouble between the mother and her husband."

"Mrs. Leisure visited the child yesterday, bringing playthings. She returned to the institution after the girl was in bed, secretly dressed her and accompanied by her brother hurried away. Indianapolis police after a race between a police auto and

The Food Administraion Says:

WHY IT IS NECESSARY TO EAT LESS MEAT:

Because of the lack of fodder and the increased need of meat to feed the soldiers and war workers, France, Great Britain, Italy and Belgium have on hand today 33,000,000 less head of stock than they had before the war. Their herds are still decreasing in spite of the fact that we are now sending them three times as much meat as we did before the war. And we must send them more meat this year than ever before.

COUNTY LOSES \$73.58 MOTOR LICENSE FEES

Pays \$882.16 Last Six Months of 1917 and Receives Back From State \$808.58 Today

HOW FUND IS DISTRIBUTED

Rush county lost only \$73.58 of the money Rush county motorists paid the state the last six months of last year for automobile licenses, according to a report on the distribution of the fund received by County Treasurer Williams today. The fund is divided semi-annually one-third equally among all the counties, one-third on the basis of number of free gravel and macadam roads in the county and one-third of the net fees received from the county.

Automobile owners in the county paid \$882.16 the last six months of 1917 and the county received back \$808.58. For the period fees paid in the whole state amounted to \$90,499.06 and expenses of conducting the registration were \$17,692.24, leaving a balance of \$72,806.94 to be divided.

The county share of the third divided equally was \$263.79 and of the third divided on the basis of free gravel and macadam roads was \$236.68. The basis for dividing this portion was .75¢ cents a mile and the county has 312 miles of such roads. One-third of the net fees received from the county amounted to \$293.70. The statement also shows a credit from the state board of accounts of \$14.41.

EIGHT YEAR EXAMS MAR. 16

Noble and Union Township Tests Then—Others on April 20.

The eighth year diploma examinations for Noble and Union townships will be held on Saturday, March 16. It is practically certain that all of the other township school examinations will be given April 20. All of the exams will be given in the schools with the exception of Union township, and the pupils from there will take their annual examinations in the teachers' examination room in the court house. The date for the eighth year county graduation has not yet been set and probably will not be for about one month yet.

11 KILLED IN AIR RAID

(By United Press.)

London, March 8—Eleven persons were killed and 46 injured in last night's raid over London. It was feared six others are buried in the wreckage.

Two airplanes of a fleet of 7 or 8 succeeded in reaching the city. The other planes coming up the Thames were turned back before reaching the city.

REGISTRATION TO BEGIN NEXT MONTH

Board Will Organize March 18 And Will Go Into Session at Court House April 8

TWO CLERKS ARE APPOINTED

Board Consisting of G. B. Moore Jr., Donald Smith and V. W. Morris Will be in Charge

With the election commissioners and registration clerks appointed, the county registration board is ready to organize the third Monday in March—the eighteenth, as provided in the election law passed by the last Indiana general assembly.

Fon Riggs, republican county chairman, has appointed Vern W. Norris republican member of the election commission, and Voorhees Cavitt, democratic county chairman, has named Donald Smith as the democratic member. They together with George B. Moore, Jr., clerk of the circuit court, who serves as ex-officio member, are the commissioners, who will have charge of all the election activities.

Under the new law, they are not only the commissioners at the regular election next fall, but they are as well the registration board and the commissioners for the primary election which will be held Tuesday, May 7.

The republican county chairman has appointed Chase Brooks and the democratic county chairman, Knowles Casady as clerks of the registration board, which will go into session the second Monday in April the eighth, and will remain in continuous session until the twenty-ninth day before the election next November. Arrangements have been made for the board to meet in the small office off the sheriff's office on the first floor of the court house. This is done for the convenience of voters.

Registration is not required for the primary but no voter is permitted by law to participate in the general election unless he shall first register. The primary is to be held on the first Monday after the first Tuesday in May which will be the seventh day of the month. Registration will be hardly started by that time.

The organization of the county committees will take place after the precinct committeemen have been chosen in the primary in May. Candidates desiring to make the race in the primary are required to file notice by publication not later than thirty days before the primary election.

The board has received a communication from the state attorney general, Ele Stansbury, construing

Aurora Borealis Most Beautiful Ever Seen Here

LIGHTS AID GERMAN AIR RAID

The same Aurora Borealis which aided the Germans in making an air raid over London last night when 11 persons were killed, was seen over Rushville last night and was said to be the most beautiful display of northern lights seen here in many, many years. The last vision of the lights which anyways near equalled those of last evening was 27 years ago in October, 1891 and the beauty of last night's sky far surpassed that of 1891.

Shortly after six o'clock, the faint lights began gathering in the north, the rays of diffused blue, yellow,

SAYS RUSH COUNTY MEN ARE GOING BIG

Capt. Kiplinger Declares in Address at High School, Boys From Here Are Success as Soldiers

MANY ADVANCING IN RANKS

Explains Why it is Unnecessary to Look in Direction Gun is Pointed to Fire

The methods of handling the artillery guns as taught in the school of fire at Ft. Sill, was the topic of an interesting address which was delivered yesterday afternoon before the high school by Capt. John H. Kiplinger of the 139th field artillery.

The fact that the newest methods of artillery decree that it is not necessary to be looking in the direction the guns are pointed in order to fire a perfect problem was exceedingly novel to the students who displayed lively interest while the speaker explained the various methods of sighting and the development of the sense of range.

Capt. Kiplinger has just completed a course at the Ft. Sill school of fire and will return next week to his regiment at Camp Shelby. He spoke most enthusiastically of Rush county's product which he led into camp there last summer.

"They are going big" declared the captain, "and are sailing under the name of 'the aristocracy' of the camp as well as of their regiment of which they are the initial unit. A large percent of the local boys have been promoted during the course of training. Some are first class privates, others are corporals and sevens have attained the rank of sergeant while many more are flying here and there to the various training camps through the country—some training for officers and others specializing in mechanical lines and learning the higher and finer points in artillery—after which they will return to our regiment bringing it up another notch on its road to perfection."

"Our regiment is located at one end of the camp—away from the bustle which prevails in other parts of the camp and as a result the boys of old company B have devoted all of their time to the mastering of the art of soldiering in which they have done themselves proud.

"As boys ours had developed their sense of range, rabbit-hunting in the woods and fields about Rush county and have this advantage over European troops who, many of them, never used firearms until the beginning of the war demanded it. This 'sense' is being developed on the rifle ranges," emphasized the speaker, "where billions of rounds of reserve ammunition is being used for

Army Selection Board Receives Telegram Today Saying State's Quota of 34 is Filled.

A MOTOR MECHANIC LEAVES

The Rush county army selection board today received a telegram from Major Baltzell, state conscription officer, not to induct any photographers into the service because the state's quota of 34 was filled. Melvin Goddard, Manilla postmaster, was considering this branch of the service, but was held for only limited service when examined by the physician member of the board. He was in class 4, however, and there was some doubt about him getting waivers from dependents.

Frank Gardner of this city and Carl D. Bowden of Carthage, Rush county's quota on the call for laborers for the ordnance corps, will leave this evening for Fort Screven, Georgia. They were the first class one registrants to fill the qualifications.

Chester Northam, Arlington garage man, left today for Kelly Field, San Antonio, Texas, having been voluntarily inducted as a motor mechanician. If the state's quota on this class is not filled by tonight, men will be drafted from class one. Harry Gallimore of Manilla, who is being voluntarily inducted into the coast artillery service, left last night for Columbus, O.

ADOLPHUS KELLER IS DEAD

Former Rush County Man Dies in Madison Hospital.

Adolphus Keller 57, formerly of this city, died at the Craigmont hospital in Madison yesterday. For nine years he had been in very poor health and death resulted from complication of diseases. He was a brother of Louis Keller of near this city. The remains have arrived in this city and friends wishing to view them may call at the Caldwell undertaking establishment. The funeral services will be conducted tomorrow afternoon at 2 o'clock at the East Hill chapel with the Rev. C. J. Bunnell in charge. Burial will be made in East Hill cemetery.

Rushville High School Loses to Richmond, 21 to 16, in District Basketball Turney

TAKE BRACE IN LAST HALF

Milroy Wins Second Game by Forfeit, St. Paul Failing to Appear —Moscow Dark Horse

(Special to the Daily Republican.)

Richmond, Ind., March 8.—Rushville high school's basketball team was eliminated in the opening game of the annual district tournament here today by Richmond 21 to 16. Rushville was game, but the close guarding of Richmond prevented Rushville's star forward, Keating, from making his usual number of field goals.

Milroy won the second game of the morning, scheduled for ten o'clock, by forfeit when St. Paul, with whom Milroy was matched to play, failed to show up. This means that Milroy will meet Richmond tonight at 8:30 o'clock in the first of the semi-finals.

Liberty loomed up as a contender for the district championship, which carries with it the right to represent the district at the state tournament at Bloomington, when she defeated Cambridge City, 36 to 20, in the 11 o'clock game this morning.

Rush county fans here for the tournament are pinning their hopes to Moscow high school to uphold the honor of the county. Moscow is looming up as the dark horse of the tournament although no one will concede they have any chance to win the district honors. Moscow's record this year earns for the team some consideration from the other contenders. If Moscow should defeat Union City this afternoon at four, she would meet either Sandusky or Hagerstown tomorrow morning at ten o'clock.

Manilla was to meet Connersville at three o'clock this afternoon, but from the showing made by these two teams at the invitational tournament at Rushville two weeks ago, it is regarded as a safe bet that Manilla will be eliminated.

Rushville came back much stronger in the second half this morning, as the score was only 9 to 4 at the end of the first half. Only two field goals were registered in the first half by Rushville. Keating missed every shot he had on a free throw or the score might have been different. Richmond made three foul count a point each.

The fact that Keating made only two field goals is evidence enough that Richmond was watching him after the performance there last Friday night when Keating made the only markers scored by Rushville against Richmond—22 points. The summary of the Rushville-Richmond game follows:

WAR PROVOKES MURDER

(By United Press.)

Bedford, Ind., March 8.—Anti-German feeling was running high among farmers here today following the arrest of Joseph Paffenberger, a German farmer charged with the murder of Newton Plummer who was one of the most patriotic farmers in the community. It was stated that Paffenberger and the murdered man had argued over the war, Paffenberger uttering pro-German sentiments.

WANT ADS BRING RESULTS

SO EASY! LIKE ROLLING OFF LOG

Sore, touchy corns stop hurting, then lift right out with fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin. After you lift away the troublesome corn or callus the skin underneath is as pink, firm and healthy as the palm of your hand.

Postmaster Says Children Must Not Wear Skates in Office

Postmaster G. P. Hunt has placed a ban on girls and boys wearing their roller skates into the postoffice. The noise made by the skates rolling over the floor resounds through the entire building and is most disturbing to people who are attempting to write or transact business of any kind in the office. There has been a constant stream of young people skating in and out of the postoffice, especially after

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken them a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimpy face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Bacon and Bullets

Are you a soldier clad in khaki? If you answer no, then you are not worth your bacon. This is not meant to disparage you, but it does mean that our soldiers must have bacon. Fats are quite as important in fighting this war as guns or ammunition, and bacon is one of the chief sources of fat.

Fats supply energy to the body, and pork fat is more used in the army than any other, because it is more readily shipped and it is the meat best liked by the men working at hard manual labor.

Without fats, people weaken and waste away. The armies must have fats to keep up the fight.

But the American people as a nation need not worry about their own lack of fats, for the average consumption per person in this country is 3½ ounces a day, while 2 ounces is quite adequate to sustain health and vigor, and in all probability better health and more vigor will re-

Are You Feeding Your Family Right?

(Prepared by the U. S. Department of Agriculture)

You know how important the right food is in keeping your family in good health. Right food does not mean expensive food—it means food wisely chosen, of the kind the body needs.

You eat so that the body can grow and keep strong and have energy to do your daily work and keep warm. All foods can be divided for convenience, into five groups according to their business in the body. If some food is taken wisely from each group every day, the body will have the proper variety. When you exchange one

3. Cereals—This includes bread and all such foods as oatmeal, macaroni, rice, hominy, breakfast cereals and cornmeal. Their most important work is to furnish the body with fuel, though they also contain some protein and ash. They are the cheapest form of fuel, so use plenty of them.

The breakfast cereals often cost less per pound if you cook them at home, instead of buying the ready-prepared kinds. Some of the large packages, which cost 10 or 15 cents, contain only one-fourth pound of cereal, while you

Day's Food Supply for an Average Family as It Comes From the Market.

food for another which has become scarce or expensive, choose one or more foods from the same group.

1. Vegetables and Fruit—Everyone likes fruit, and it is good for you—so are vegetables. Since they furnish mineral matter, both help to build up the bones and other parts of the body and keep it in good working order.

They help to prevent constipation. All kinds are good—use them, fresh, dried or canned. Prunes, raisins, apples and other dried fruits are good. You can give them to the children instead of candy.

2. Milk, Meat, Eggs, Cheese, Fish, Peas, Beans and Nuts—They furnish the "protein" whose chief business is to supply nitrogen in the right form to build up the body. In the young child new muscles, new bones and all the other parts of the body are being made. In the grown person these parts are constantly wearing out and must be replaced. Foods supplying protein and ash are needed for this purpose. For example, in choosing from group two, if you have beans or peas, and some milk, you can use them in place of meat.

In this group (No. 2), milk is the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

sult from a diminished use of fats, according to physicians.

It is our soldiers, sailors and the Allies about whom we need worry. France and England are short of fats, terribly short, and America must make up that shortage, out of her own over-abundance.

If every person in America saves one ounce of fat a day we can ship fats enough for our soldier, sailor, and allies.

One-third of an ounce of fats measured in bacon amounts to just about two thin slices of bacon. Giving up two slices of bacon a morning does not seem much of a hardship when we realize what a vital necessity it is to keeping up the health and vigor of the men behind the guns, yet that two slices of bacon is one-third of the ounce you are trying to save.

But don't make the mistake of thinking you are saving animal fats for the soldiers when you don't have bacon for breakfast; if you would not have it anyway. Saving means the actual giving up of something you are actually in the habit of using.

Bullets and bacon! If you are not using bullets then send your bacon to someone who is using them.

It is a strange circumstance that those people, who were first in urging the United States to assume a more aggressive attitude toward Germany, many of them even favoring a declaration of war against Germany when the Lusitania was sunk, are now accused of being "Pro-German"—this charge being voiced by men who were then aligning themselves with German sympathizers. The early advocates of preparedness are now for a more vigorous policy in the prosecution of the war, and because they are urging a speeding up of the war, they are accused of Pro-Germanism. No greater injustice could be done, for if the Kaiser has any enemy in America, he has one in the advocate of an aggressive war program.

MEAT CAUSE OF KIDNEY TROUBLE

**Take a glass of Salts if your Back
Hurts or Bladder bothers—Meat
forms uric acid.**

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed pharmacists to guarantee it in every instance.

True Economy in Shoes

There's no true economy in buying a cheap, unknown shoe for "a dollar less." Buy well known shoes at fair prices, which you'll be asked to pay.

Responsible shoe merchants have not advanced their prices except in proportion to actual increases in the cost of manufacture. The best shoes have not advanced greatly in price, so now, more than ever, the only true economy lies in buying the best.

Good Values

In footwear abound in this store. We have many shoes for men, women and children, which have been bought on earlier market. Combined with special prices we are offering on special lots of shoes, it will mean a material saving to you. The quality of leather is exceptionally good—these are splendid bargains for everyday wear. The wonderful fitting qualities of our well-known makes of footwear, combined with the rock bottom prices is sure to make a visit to our shoe department unusually interesting.

"Urge the members to do as much for others, in a missionary way, as they do for themselves, the Rev. L. E. Brown, pastor of the Main Street Christian church, delivered an interesting address to the members of the Christian Woman's Missionary society yesterday afternoon at their regular monthly meeting which was held in the parlors of the church.

Ninety-six members of the society were present and during the afternoon the guests enjoyed a program of musical numbers and papers given by the members of the entertaining division. The new members whose names were added to the membership roll at yesterday's meeting included Mrs. William Kirkpatrick, Mrs. Hugh Mauzy, Mrs. Chauncey Duncan, Miss Della Downey, the Rev. and Mrs. L. E. Brown, Mrs. Ella Worsham, Miss Ella Wohling, Mrs. William Route, Miss Lenora Norris, Mrs. Edward Haywood, Mrs. Louis Henry, Mrs. Lydia Mauzy, and Mrs. E. R. Casady.

In the evening Mrs. Gunning entertained with a dinner party honoring Ernest Mitchell, who is home on a furlough from Camp Shelby.

Mrs. Sanford Poston entertained the members of the U I Go club at her home in North Main street last night with a prettily appointed dinner party. Thirty members of the club were entertained and the dining room, in which the dinner was served, was arranged with potted plants and greenery combined with bouquets of spring flowers. Aside from the club members the guests included Mr. and Mrs. Chase Mauzy and daughters Ruth and Emily. After dinner the guests were entertained at a theatre party.

The members of the Loyal Daughters Sunday school class will have charge of the Sunday school services to be held at the church Sunday morning at the regular time. Mrs. Marion Finney will have charge of the devotionals. Other members of the class who will appear on the program in charge of the prayers, discussions and musical numbers will be Miss Mary Williams, Mrs. Dora Abercrombie and Miss Wanda Wyatt.

The girls of the high school athletic association entertained with a "spread" in the high school gym last night at six o'clock. The picnic menu was enjoyed by the twenty-five members of the association after which the evening was spent in basketball contests and other forms of amusement. Miss Nelle Baldwin the girls basketball coach, chaperoned the party and refereed the games during the evening.

Twenty-five members of the Immaculate sodality of St. Mary's Catholic church were entertained last night by Miss Margaret Kelly at her home in West First street. The guests spent a pleasant evening over needlework of various kinds, some knitting and crocheting and others doing embroidery and plainer sewing, in preparation for the Easter bazaar. The members of

the sodality will meet next Thursday evening with the Misses Alma and Viola Hackman at their home in West Second street.

The home of Mrs. Carl Gunning in West Tenth street was the scene of a pretty card party yesterday afternoon when she was hostess to the members of her bridge club at an attractive afternoon party. Aside from the members of her bridge club the guests included Mrs. Will Carter and Mrs. Ernest Mitchell. The next meeting of the club will be held in two weeks with Mrs. Roy E. Harrold of her home in North Perkins street.

In the evening Mrs. Gunning entertained with a dinner party honoring Ernest Mitchell, who is home on a furlough from Camp Shelby.

Mrs. Sanford Poston entertained the members of the U I Go club at her home in North Main street last night with a prettily appointed dinner party. Thirty members of the club were entertained and the dining room, in which the dinner was served, was arranged with potted plants and greenery combined with bouquets of spring flowers. Aside from the club members the guests included Mr. and Mrs. Chase Mauzy and daughters Ruth and Emily. After dinner the guests were entertained at a theatre party.

Miss Mildred Bogue entertained her Sunday school class of the Main street Christian church with a pitch-in dinner-party at her home in North Morgan street Wednesday night. Mrs. John Gartin, teacher of the class and sixteen members of the class were the guests and during the evening games and various other amusements entertained the guests.

Honoring the birthday of her son Russell Bell, Mrs. Fred Bell entertained at her home near Mays Wednesday night with a prettily appointed dinner party. The dining room was attractively decorated for the occasion in bouquets of spring flowers and daintily painted cards marked the places for the guests.

The members of the Woman's Missionary society of the Flatrock church enjoyed a delightful meeting yesterday afternoon at the home of Mrs. Bert Heaton. A good attendance was present and during the afternoon an interesting program was given by the members.

Miss Miriam Price and Miss Edeline Brown entertained a number of the latter's school mates Wednesday evening with an informal sewing party when Red Cross war relief work was done. The guests spent a pleasant evening after which the hostesses served light refreshments.

Miss Estelle and George Poston will entertain the members of the Young Ladies Circle of the Main Street Christian church at their home in North Main street, Monday evening.

There will be a meeting of the Rebekah lodge this evening in the Odd Fellows club rooms. Work will be given and there will be two candidates.

Business Preparedness

We believe that never in the history of this Nation or that of the world, has it been so peculiarly important that our preparation for the thing we call business should be carefully certain. Above all things else, we desire the high ideals and lofty position assumed by our high officials today to become a reality tomorrow. We are more than persuaded, yes, we are sure, the one best way to serve a world's humanity is to keep this actual enormity of business moving to its last degree of earning.

To this end, during our recent quietude have we labored. We invite you to an open inspection of the result of that labor now. We do not ask that one dollar be wasted or spent foolishly for the very seriousness of the times demands the greatest sanity in our expenditures. But it does appear clearly to us, that you never knew a time when an unjust and unpatriotic hoarding of the world's money, might be fraught with such dire consequences.

LOYALTY FIRST — LOYALTY LAST

Rush County's splendid citizenship can be depended upon to keep the Business Faith.

The Easter Spirit

This year the Easter Spirit should not be lessened by the thoughts of war. This world war for democracy's cause should broaden our Easter ideas.

The annual custom generally calls for a spring showing of garments. Easter ushers in the spring season. Garments are more expensive this year you will find, but as long as we are in the business, your last season's clothes will answer —provided they look presentable.

LET US DRY CLEAN, PRESS AND REPAIR THEM.
They will look like new, feel new, and really are new.

Now is the time to send us this work so as to avoid the usual Easter rush a few days before Easter.

SAMMIES IN GERMAN RAID TO BE HONORED

War Department Will Issue Declarations For Them With New Badge of Honor.

FIRST MARKS FOR WOUNDED

Washington, March 8.—America will honor the Sammies who distinguished themselves in the raid of March 1st by the Germans.

The war department plans to issue declarations for them, including a new badge of honor for wounds. The decoration will include a campaign badge, a distinguished service medal and some insignia for wounds.

Hitherto no mark has designated America wounded but this new one along with other insignia will be granted hereafter.

Gallant Americans who have been decorated by allied governments for bravery will soon be allowed to wear their medals.

This was assured today when Senator Owen backed by sufficient vote to insure its passage prepared to hasten his resolution authorizing Sammies to wear the badges of allied countries.

AT A STATE CONFERENCE

L. E. Brown at Men and Millions Movement Meeting Today.

The Rev. L. E. Brown of the Main Street Christian church attended the state conference of Christian ministers held at the Claypool hotel in Indianapolis today in the interests of the Men and Millions Movement. Plans for raising the last million dollars of the six million and three hundred thousand dollar fund for church benevolences were to be discussed by the ministers and leaders of the movement at today's meeting.

George C. Wyatt, Mrs. J. D. Case and Mrs. J. M. Amos also attended.

+ Spice Cake That May be +
+ Served on Wheatless Days +

Mrs. William Barlow has found a recipe for spice cake that may be served on wheatless days with a clear conscience for it has no white flour in it. A number of persons have obtained the recipe from her and tried it out. The ingredients are as follows: 1 cup fat; one cup sugar; 1 cup sour milk; 1 teaspoon cloves; 1 teaspoon cinnamon; 1 teaspoon all spice; 1 teaspoon nutmeg; 2½ cups barley flour; ½ teaspoon soda; ½ teaspoon baking powder; 2 teaspoons of molasses; 1 box raisins.

The Early Builder Has An Advantage

There may be disappointment ahead for the men who plans this year but waits. When field work opens your own men will be busy and contractors will have their hands full.

Why not get

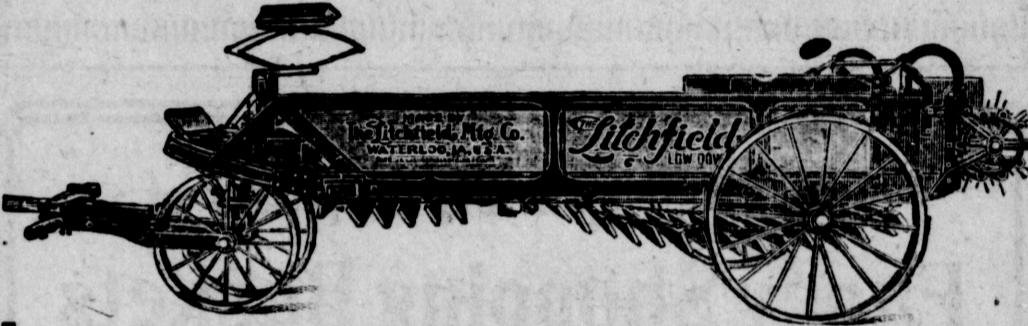

Ahead of the Game

by making use of the first warm days to begin work on your new hog house, stable, milk house, feeding floor or garage?

Building costs probably are lower now than they will be later in the year and you will have the certainty of making profits out of what you propose to build.

We have blue prints for many structures. They are yours for the asking, with estimates of cost. When you are ready, we have lumber, roofing, cement and every other material you will need.

Pinnell-Tompkins Lumber Co.

THE HIGH - LOW SPREADER

It will do you good to inspect our HIGH-LOW RUSHVILLE SPECIAL manure spreader on our sample floor and it will do you MORE good to test it in the field.

This machine, built especially for us by The Litchfield Mfg. Co., produces a combination of easy loading low top-rail, with a good big high underclearance. It easily out-classes all competing machines in this combination.

We believe that fifteen years constant development work ought to produce SOMETHING GOOD along this line and we are able to prove that it does. Here is a spreader that will go through ditches and over rough ground with astonishingly light draft and more astonishing staying qualities. In this respect it is way beyond what other manufacturers have ever thought possible.

You will be surprised to see what a HIGH under-clearance this spreader has and still how LOW down and easy to load it really is. The spring seat in front swings down out of the way, and in the rear the tail-gate and everything else is low down and well out of the way for loading purposes. It is easy to load from any direction and in any sort of a place.

It could not be built as low as it is if it was not of extraordinary light draft.

Mr. Robert Williams,
Galesburg, Mo.

December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counter can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO,
CINCINNATI.

MARRIED HAPPINESS RUINED BY QUARRELS

FAMILIES ARE BROKEN UP BECAUSE OF NERVES

Doctors claim a man or woman with a strong nervous system has complete control of happiness.

It is only those who are played out by overwork, worry, excesses, and thoughtless dissipation that are quarrelsome and disappointed in life. Do not condemn them, their nerves are starved, they are depleted of life and energy and no thought is given to supply them with food nerve energy to make them calm, strong and controllable.

The foolish waste of nerve force turns a cheerful happy person to the grouch that accounts for so many separations.

Nature requires aid and Phosphated Iron is necessary in such conditions of nervousness, because it contains the vital elements of iron.

Amusements With The Churches

A big war aeroplane carrying bombs enough to destroy a city is seen sailing across the Mexican border in "The Fighting Trail," Greater Vitagraph's serial of adventure and the great outdoors, which will be the attraction at the Gem theatre today. An agent of the Central Powers bent on preventing the shipment of ore used by the U. S. Government in the manufacture of explosives, gets the plane, which in the thirteenth episode locates the mine and prepares with deadly accuracy to wreck it to the bottom of the deepest shaft.

Phosphated Iron gets at the root of these troubles because it feeds the blood and nerve centers, it does this naturally and persistently, and cannot fail to strengthen your vitality, energy and renew the efficiency of body and mind.

Special Notice—To insure doctors and their patients getting the genuine Phosphated Iron we have put it in capsules only. Do not allow dealers to give you tablets or pills.

PITMAN & WILSON and leading druggists everywhere. Rushville, Ind. (Adv.)

Other attractions on today's program are Clara Kimball Young and Sidney Drew in "When Women go on the Warpath," and Fred Burns in "How States are Made." Tomorrow another adventure of "The American Girl" will be shown and Hank Mann will appear in a Fox comedy, "His Love Fight."

Mme. Petrova will be seen in the oriental drama "Exile," at the Princess tonight. This is considered this great emotional actress's most wonderful contribution to the screen. The theme of the story is Petrova's vain effort to save from death the brute who wronged her. A Mack Sennett comedy, featuring Chester Conklin and Ethel Teare, will also be seen tonight. Saturday's feature program consists of a drama, "The Bottom of the Well," and a comedy, "Roaring Lions and Belling Bells."

The old and very wise proverb about Satan, and his habit of finding mischief for idle hands to do, is the basis for Madame Petrova's most recent Paramount picture, "Exile," in which she will appear at the Princess theatre tonight. The production was especially arranged for her by Charles E. Whittaker from the book of Dolf Wyllards.

Dealing with a little band of expatriated Americans in an Asiatic colony, and including besides its thrilling and very dramatic love theme, an up-to-date romance of politics and romance, "Exile," has furnished Madam Petrova with one of the cleverest vehicles of her entire career.

It is little wonder that the merry Hatton comedy, "Upstairs and Down" that Oliver Morosco is presenting for the second season has met with such brilliant success, one year in New York City, four months in Chicago and two months in Boston, and one month in Philadelphia, which plays the Murat the entire week commencing Monday March 11th, including Wednesday and Saturday matinees, for it has all the ingredients that win popularity from lines and laughable situations but Mr. Morosco present it with a cast

+At the First Presbyterian church, Bible school, 9:30; 10:45 usual morning service with sermon by Rev. J. E. Morgan of the anti-saloon league of Indianapolis. At six o'clock the regular meeting of the Young Peoples class will be held and at seven o'clock there will be a service flag conducted by the pastor.

Thursday evening at 7:30 the regular congregational prayer meeting will be held.

+At the First Presbyterian church: 7:00 a. m. "Quiet Hour," 9:30 bible school, 10:30 divine worship, sermon by the pastor. The evening service will open at seven o'clock when Dr. Perry E. Powell of Indianapolis a member of the anti-saloon league will preach. There will be special music at both services.

+Main Street Christian church, L. E. Brown, pastor: the pastor will preach at 10:30 and 7; subject of sermon, "Fire and Wood," evening, "First Things First." Bible school meets at 9:30. Thursday, 7:30 prayer and praise services led by Hugh Mauzy. A most cordial welcome to all services is extended.

+The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

+Manilla Methodist: Bible school evening at the home of Mr. and Mrs. E. Jarrett.

+Franklin Methodist: Preaching by the pastor, 2:30 p. m.

of unusual excellence.

The comedy is a story of "Master and Servant" but instead of the servants slavishly apeing the master, the authors have created a type foibles of his employer setting up a code of morals all his own, which they live up to and which really may be preferable. There is also said to be real romance in "Upstairs and Down" for a debutante finally elopes with the man who loves the ground turned caveman or at least adopted the methods of that prehistoric gentleman. This debutante is a character new to the stage "a baby vampire," and the Hattons are said to have made a particularly attractive exposition of the new character.

Tanlac Rheumatism Treatment, a new rheumatic medicine just placed on the market by the manufacturers of Tanlac, America's famous tonic, settles the question.

Tanlac Rheumatism Treatment consists of tablets for internal use and a medicament for external use. It is a complete medicine for rheumatism. Each of the tablets for internal use produces four mache units of radium emanation.

Radium is one of the most efficient curative agencies for rheumatism known to medical science. If you suffer from the aches and pains and twinges of rheumatism get Tanlac Rheumatism Treatment today and get a real medicine for this dreaded complaint. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic. (Adv.)

**Red Cross Civilian Relief
Workers Are Taught to
Furnish Aid In Systematic Fashion.**

[EDITOR'S NOTE:—This is the fourth of a series of five articles prepared by Mr. Fleiser on the subject of Red Cross Home Service. The remaining article is "Organizing and Training 30,000 Home Service Committee."]

By James L. Fleiser,
Director, Bureau Civilian Relief, Lake
Division, American Red Cross.

American Red Cross Home Service workers in Ohio, Indiana and Kentucky, already administering to families of some 1,500 enlisted men, carry on their work with a "catechism" which includes what may be termed "eleven commandments." As these "commandments" typify the spirit in which this type of Red Cross relief is given, I am stating them here, leaving the reader to draw his own conclusions.

1. Don't overwhelm people with questions before they have a chance to say what they want to say.
2. Don't suggest to them the answers they should make.
3. Don't forget that their hopes and plans are more important than any single fact that the Home Service worker wants in order to make complete a report or record.
4. Don't encourage the children to talk about things that concern their elders—about family difficulties and so on.
5. Don't let the children come to the office with messages and requests except when there is a real emergency and no older person can possibly come.

6. Don't discuss the affairs of a family, nor tell the facts that come to your attention in the course of Home Service work to any outsider.

7. Don't give confidential information about the family when making inquiries.

8. Don't make inquiries of the present neighbors or do anything that will expose the family to gossip. Protect the family in question as you would your own family from anything that would help their self-respect.

9. Don't venture to make permanent plans on a first visit.

10. Don't fail to discover whether there is immediate and urgent need of relief and to make some temporary provision for supplying it before waiting to make further inquiries.

11. Don't fail, however, to inquire (before paying the first visit if possible) what other agencies are interested.

True, the "do's" taught Home Service workers in Red Cross Home Service Institutes, far outnumber the "don'ts," and one or two should be mentioned to further exemplify the spirit of the service and the manner in which it is given.

One is: "Be sure that there is a definite invitation from the family or some responsible person competent to speak for them before entering the home in the name of the American Red Cross."

Another: "Be sure that the member of the family in question is in some branch of the service."

Casual reading of these instructions may lead to the impression that Home Service is a simple bit of work to be done in the odd moments of the members of a chapter committee. It is not a simple work, nor is it an "odd moment" task.

In addition to mastering a knowledge of government regulations on separation allowances and the War Risk Insurance Law, a Red Cross Home Service worker must either be naturally endowed with or be able to acquire the qualities of tact, patience and kindness, and must study the problems which beset home life.

With all its ramifications, Red Cross Home Service is the most exacting type of work now required by this humanitarian institution within the boundaries of our own country. Its requirements for immediate and authentic information of the broadest scope are such that a 118 page handbook of information for Home Service workers is now being prepared by the Director General of Civilian Relief for early distribution.

SO MUCH PAINSTAKING CARE HAS BEEN AND IS BEING TAKEN IN THE ORGANIZATION OF THIS WORK THAT ENLISTED MEN FROM OHIO, INDIANA AND KENTUCKY SHOULD KNOW THAT THIS ARM OF THE AMERICAN RED CROSS IS STRONG ENOUGH TO MAKE THEIR FAMILIES' CARES EASIER AND TO EXTEND A KIND, YET UNPATRONIZING, HELPING HAND. SUCH FAMILIES SHOULD WITHOUT HESITANCY COMMUNICATE WITH THEIR RED CROSS HOME SERVICE COMMITTEE WHEN TROUBLED IN ANY WAY.

**CENT A POUND MARGIN
IS ALLOWED ON SUGAR**

Food Administration Makes This Ruling, According to Message Received by Barnard

NOT TO AFFECT PRICE HERE

"One cent advance over delivery cost is our maximum in all states for retailers of sugar." This telegram was received today by Dr. Harry E. Barnard, federal food administrator for Indiana, from the United States food administration at Washington. It answers a question that has come to state food administrators from various counties where retailers have been insisting that they should be permitted to charge a greater margin. They have insisted that they should be permitted to charge 10c per pound for sugar costing them 8 1/2 or less. The situation became so acute that Dr. Barnard asked instructions from Washington covering the point and the telegram was the result.

This it taken to mean here as not affecting the retail price of sugar, which is nine cents for beet and ten cents for cane. Dealers are making approximately one cent a pound margin on sugar after delivery cost is counted. It is believed that the ruling is worded as it is so that dealers in towns and cities where the cash-and-carry plan is in effect may apply it to their business.

WILL FORM ORGANIZATION

Restaurant and Hotel Keepers to Enforce Food Laws

Under the direction of the Food Administration, an organization will be formed here in the near future of hotel keepers and restaurant owners. The county organization of these men is a state wide movement to enforce the food conservation laws and to co-operate in every way possible toward the saving of food. The meeting will be held some time during the next week, when a hotel or restaurant man will be made head of the organization and other plans will be made.

HYBRIDIZES NEW SPECIES

Glen Moore Produces Largest Carnation Ever Seen Here

Glen Moore has succeeded in hybridizing an entirely new species of carnations, the largest red ones ever seen here and of a new bright shade of red for that kind of flowers. A number of times, Mr. Moore has tried cross pollination of plants, but this is the first time that it has been a marked success. The beautiful new carnation has not yet been named. A bouquet of them is being exhibited in the show window of the Wyatt furniture store.

**WOMEN ARE NEEDED
TO HELP IN WAR**

Women can be usefully employed in nursing the wounded, in making up the soldiers' kits, and in a thousand other ways. Many American women are weak, pale or anemic from woman's ill. For young girls just entering womanhood; for women at the critical time; nursing mothers and every woman who is "run-down," tired or overworked—Doctor Pierce's Favorite Prescription is a special, safe and certain help. It can now be had in tablet form for 60 cents. All druggists. Send Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10c for trial package tablets.

GOSHEN, IND.—"When I was a young girl just coming into womanhood I suffered greatly. This caused me to become all rundown, weak and nervous. My mother gave me Dr. Pierce's Favorite Prescription and I have never been troubled since. I am now the mother of four strong, healthy children and I have always taken this medicine during pregnancy and afterward to give me strength, which it always did. I consider I was very fortunate in knowing of 'Favorite Prescription.'—Mrs. MARVY Goss, 615 South 11th Street, Loganport, Ind.—"My husband and I are both enthusiastic users of Dr. Pierce's Pleasant Pellets. We have found them to be extremely beneficial in relieving us of sick headaches, sluggish liver and constipation. They are very mild, but always effective. I am very glad indeed to recommend the Pellets to anyone in need of such medicine."—Mrs. C. S. STANLEY, 421 Burlington Ave.

THREE OF WEWEE FAMILY PUT IN JAIL

Jack Weegee Arrested Here for Forgery. Three Checks by Signing Hyman Schatz's Name.

BROTHER AND SISTER GET OUT

Maymie Leisure and Allen Weegee Released in Indianapolis After Kidnapping Escapade.

Three members of the Weegee family, who have caused the police here considerable trouble, were in jail today, two of them in Indianapolis and one in this city. The two in Indianapolis were released when no one from here appeared against them.

Maymie Leisure and her brother, Allen Weegee were held in Indianapolis on vagrancy charges after an escapade there last night in which they attempted to kidnap the four-year-old daughter of the Leisure woman from the Indianapolis orphans home, where the child was sent from here because the authorities decided the mother was not a fit person to have the custody of the girl.

Jack Weegee, a brother of these two, was arrested this morning for forgery by Chief of Police Yakey. He is accused of writing three checks, all for sums less than ten dollars, and signing the name of Hyman Schatz to them.

The grand jury will take up an investigation of the alleged forgery. Soon after Weegee was arrested it was understood that an inquiry would be started.

It is also charged that Weegee violated the selective conscription law by not registering last June. His age now is said to be twenty-two years. It is alleged that he could not show that he had registered when questioned by the police.

The following United Press dispatch from Indianapolis today describes the dramatic capture of the Leisure woman and her brother after they fled with the little Leisure girl.

Maymie Leisure and her brother, Allen Weegee, both of Rushville, were held in jail today on vagrancy charges in connection of the kidnapping of the woman's daughter Arma, four years old from the Indianapolis Orphans home at 9 o'clock last night. The child was brought to the home here about six months ago following trouble between the mother and her husband.

Mrs. Leisure visited the child yesterday, bringing playthings. She returned to the institution after the girl was in bed, secretly dressed her and accompanied by her brother hurried away. Indianapolis police after a race between a police auto and

WHY IT IS NECESSARY TO EAT LESS MEAT:

Because of the lack of fodder and the increased need of meat to feed the soldiers and war workers. COUNTY LOSES \$73.58 MOTOR LICENSE FEES

Pays \$882.16 Last Six Months of 1917 and Receives Back From State \$808.58 Today

HOW FUND IS DISTRIBUTED

Rush county lost only \$73.58 of the money Rush county motorists paid the state the last six months of last year for automobile licenses, according to a report on the distribution of the fund received by County Treasurer Williams today. The fund is divided semi-annually one-third equally among all the counties, one-third on the basis of the number of free gravel and macadam roads in the county and one-third of the net fees received from the county.

Automobile owners in the county paid \$882.16 the last six months of 1917 and the county received back \$808.58. For the period fees paid in the whole state amounted to \$90,499.06 and expenses of conducting the registration were \$17,692.24, leaving a balance of \$72,806.94 to be divided.

The county share of the third divided equally was \$263.79 and of the third divided on the basis of free gravel and macadam roads was \$236.68. The basis for dividing this portion was .75¢ cents a mile and the county has 312 miles of such roads. One-third of the net fees received from the county amounted to \$293.70. The statement also shows a credit from the state board of accounts of \$14.41.

REGISTRATION TO BEGIN NEXT MONTH

Board Will Organize March 18 And Will Go Into Session at Court House April 8

TWO CLERKS ARE APPOINTED

Board Consisting of G. B. Moore Jr., Donald Smith and V. W. Norris Will be in Charge

With the election commissioners and registration clerks appointed the county registration board is ready to organize the third Monday in March—the eighteenth, as provided in the election law passed by the last Indiana general assembly.

Fon Riggs, republican county chairman, has appointed Vern W. Norris, republican member of the election commission, and Voorhees Cavit, democratic county chairman, has named Donald Smith as the democratic member. They together with George B. Moore, Jr., clerk of the circuit court, who serves as ex-officio member, are the commissioners, who will have charge of all the election activities.

Under the new law, they are not only the commissioners at the regular election next fall, but they are as well the registration board and the commissioners for the primary election which will be held Tuesday, May 7.

The republican county chairman has appointed Chase Brooks and the democratic county chairman Knowles Casady as clerks of the registration board, which will go into session the second Monday in April the eighth, and will remain in continuous session until the twenty-ninth day before the election next November. Arrangements have been made for the board to meet in the small office off the sheriff's office on the first floor of the court house. This is done for the convenience of voters.

Registration is not required for the primary but no voter is permitted by law to participate in the general election unless he shall first register. The primary is to be held on the first Monday after the first Tuesday in May which will be the seventh day of the month. Registration will be hardly started by that time.

The organization of the county committees will take place after the precinct committeemen have been chosen in the primary in May. Candidates desiring to make the race in the primary are required to file notice by publication not later than thirty days before the primary election.

The board has received a communication from the state attorney general, Ele Stansbury, constraining

SAYS RUSH COUNTY MEN ARE GOING BIG

Capt. Kiplinger Declares in Address at High School Boys From Here Are Success as Soldiers

MANY ADVANCING IN RANKS

Explains Why it is Unnecessary to Look in Direction Gun is Pointed to Fire

The methods of handling the artillery guns as taught in the school of fire at Ft. Sill, was the topic of an interesting address which was delivered yesterday afternoon before the high school by Capt. John H. Kiplinger of the 139th field artillery.

The fact that the newest methods of artillery decree that it is not necessary to be looking in the direction the guns are pointed in order to fire a perfect problem was exceedingly novel to the students who displayed lively interest while the speaker explained the various methods of sighting and the development of the sense of range.

Capt. Kiplinger has just completed a course at the Ft. Sill school of fire and will return next week to his regiment at Camp Shelby. He spoke most enthusiastically of Rush county's product which he led into camp there last summer.

"They are going big" declared the captain, "and are sailing under the name of the aristocracy of the camp as well as of their regiment of which they are the initial unit. A large segment of the local boys have been promoted during the course of training. Some are first class privates, others are corporals and several have attained the rank of sergeant while many more are flying here and there to the various training camps through the country—some training for officers and others specializing in mechanical lines and learning the higher and finer points in artillery—after which they will return to our regiment bringing it up another notch on its road to perfection."

"Our regiment is located at one end of the camp—away from the bustle which prevails in other parts of the camp and as a result the boys of old company B have devoted all of their time to the mastering of the art of soldiering in which they have done themselves proud.

"As boys ours had developed their sense of range, rabbit-hunting in the woods and fields about Rush county and have this advantage over European troops who, many of them never used firearms until the beginning of the war demanded it. This sense is being developed on the rifle ranges," emphasized the speaker, "where billions of rounds of reserve ammunition is being used for

STUDYING FOOD IN ENGLAND

An American special mission is now in Great Britain studying the food situation there at first hand for Herbert Hoover, the federal food administrator. This British official photograph shows Edward F. Trefz of the American national chamber of commerce, who is a member of the mission, holding a kid while on a visit to the Poplar district of London, where the mission studied the manner of getting food to the needy.

Milroy won the second game of the morning, scheduled for ten o'clock, by forfeit when St. Paul, with whom Milroy was matched to play, failed to show up. This means that Milroy will meet Richmond to-night at 8:30 o'clock in the first of the semi-finals.

Liberty loomed up as a contender for the district championship, which carries with it the right to represent the district at the state tournament at Bloomington, when she defeated Cambridge City, 36 to 20, in the 11 o'clock game this morning.

Rush county fans here for the tournament are pinning their hopes to Moscow high school to uphold the honor of the county. Moscow is looking up as the dark horse of the tournament although no one will concede they have any chance to win the district honors. Moscow's record this year earns for the team some consideration from the other contenders. If Moscow should defeat Union City this afternoon at four, she would meet either Sandusky or Hagerstown tomorrow morning at ten o'clock.

Moscow was to meet Comersville at three o'clock this afternoon, but from the showing made by these two teams at the invitational tournament at Rushville two weeks ago, it is regarded as a safe bet that Moscow will be eliminated.

Rushville came back much stronger in the second half this morning, as the score was only 9 to 4 at the end of the first half. Only two field goals were registered in the first half by Rushville. Keating missed every shot he had on a free throw or the score might have been different. Richmond made three fouls count a point each.

The fact that Keating made only two field goals is evidence enough that Richmond was watching him after the performance there last Friday night when Keating made the only markers scored by Rushville against Richmond—22 points. The summary of the Rushville-Richmond game follows:

ADOLPHUS KELLER IS DEAD

Former Rush County Man Dies in Madison Hospital.

Adolphus Keller, 57, formerly of this city, died at the Craigmont hospital in Madison yesterday. For nine years he had been in very poor health and death resulted from complication of diseases. He was a brother of Louis Keller, of near this city. The remains have arrived in this city and friends wishing to view them may call at the Caldwell undertaking establishment. The funeral services will be conducted tomorrow afternoon at 2 o'clock at the East Hill chapel with the Rev. C. J. Bunnell in charge. Burial will be made in East Hill cemetery.

A. L. Cary, who stated that the Aurora Borealis of 1891 did not equal the one of last night, although it was the most beautiful in many years, also remembers a magnificent one which he witnessed in North America in 1881.

SO EASY! LIKE ROLLING OFF LOG

Sore, touchy corns stop hurting, then lift right out with fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter ounce of freezone very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin. After you lift away the trouble-some corn or callus the skin underneath is as pink, firm and healthy as the palm of your hand.

Postmaster Says Children Must Not Wear Skates in Office

Postmaster G. P. Hunt has placed a ban on girls and boys wearing their roller skates into the post office. The noise made by the skates rolling over the floor resounds through the entire building and is most disturbing to people who are attempting to write or transact business of any kind in the office. There has been a constant stream of young people skating in and out of the post office especially after

school hours in the evening, which will not be tolerated in the future. If skaters have any reason for entering the office it will be necessary for them to remove their skates before doing so.

public before the second drive begins. Last summer with but little organization, the Red Cross secured subscriptions amounting to \$119,000,000. And now with a membership of 22,000,000, there is every reason to believe that the \$1,000,000,000 fund will be oversubscribed. Within a few days, chapter campaign managers will be advised of the dates of a series of state meetings at which campaign methods will be explained.

Thirty-one members of the Ladies Aid societies of the Christian Union and Baptist churches of Homer attended the all day meeting which was held yesterday at the home of Mrs. Charles Cassidy, when Red Cross sewing was done. There were twenty-four garments completed before the close of the meeting and many more started. Each of the workers brought their own dinner.

**C. A. MAUZY NAMED
TRUSTEE DIXON WILL**

Appointed by Judge Sparks as Provided by Document Left by Deceased Husband Henry Dixon

OPERATED FOR THEIR SON

Charles A. Mauby has been appointed by Judge Sparks trustee under the will, of the estate of Henry Dixon, deceased husband of Mrs. Mary Ana Dixon who died at her home, corner of Morgan and Fifth streets, last Saturday. Mr. Dixon died at Hamilton, O., February 15, 1899, leaving an estate, the face value of which is estimated in the petition for the appointment of a trustee, at \$30,000.

His will gave to his widow the entire income from the estate as long as she might live to manage and do with as she deemed best. Upon her death, Mrs. Dixon's will provides a trustee shall be appointed to take charge of all of the estate and property, the same to be managed for Frank E. Dixon.

FIRST CANDIDATE TO FILE

Charles A. Frazer, candidate for the republican nomination for county treasurer at the primary, was the first to file his declaration of candidacy with the clerk of the circuit court. Today was the first opportunity to file, the law says they shall not be filed more than seven days or less than thirty days before the primary, which is May 1.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken them a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Bacon and Bullets.

Are you a soldier clad in khaki? If you answer no, then you are not worth your bacon. This is not meant to disparage you, but it does mean that our soldiers must have bacon. Fats are quite as important in fighting this war as guns or ammunition, and bacon is one of the chief sources of fat.

Fats supply energy to the body, and pork fat is more used in the army than any other, because it is more readily shipped and it is the meat best liked by the men working at hard manual labor.

Without fats, people weaken and waste away. The armies must have fats to keep up the fight.

But the American people as a nation need not worry about their own lack of fats, for the average consumption per person in this country is 10 pounds a day, while 2 ounces of bacon a day is enough in America as has been in the past.

Are You Feeding Your Family Right?

(Prepared by the U. S. Department of Agriculture)

You know how important the right food is in keeping your family in good health. Right food does not mean expensive food—it means food wisely chosen, of the kind the body needs.

You eat so that the body can grow and keep strong and have energy to do your daily work and keep warm. All foods can be divided for convenience, into five groups according to their business in the body. If some food is taken wisely from each group every day, the body will have the proper variety. When you exchange one

for another which has become scarce or expensive, choose one or more foods from the same group.

can buy cornmeal for less per pound. Your purse and your preference both deserve consideration.

4. Sweets, Sugar and Sirups—Jellies and preserves are fuel for the body, too, but, in general, they are more expensive than cereals. Use them for flavor, but a little will go a long way. If the children eat too much sweets, they won't have an appetite for the foods they need most, like bread and milk. Instead of candy, you can give them fruits, which contain enough sugar to satisfy them, but which are not likely to spoil their appetites.

5. Fats—Butter or other good fats, cottonseed oil, lard, drippings, etc., are another kind of fuel. People who do hard work, especially outdoors, need more fats than those who are not so active. They are a relatively expensive form of fuel, and besides the animal fats are scarce now and needed for our armies and our allies, so use them sparingly.

These five kinds of food—fruits and vegetables, meats or meat substitutes, cereals, sweets and fats—are all necessary for the proper nourishment of the body. Remember that the cereal group is the one most of us depend on for the bulk of our food. You need the others, too, in proper quantity. Don't forget the five food groups. See to it that you have some food from each group every day!

In this group (No. 2), milk is the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

In this group (No. 3), meat is the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

In this group (No. 4), fats are the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

In this group (No. 5), sugars and sirups are the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

In this group (No. 6), cereals are the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

In this group (No. 7), fruits and vegetables are the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

In this group (No. 8), meats or meat substitutes are the most important. Of course, it is absolutely necessary for the infant, but the growing child needs it, too. If the child has it, he needs but little of any of the other foods in this group.

target practice. In speaking of the enthusiasm with which Rush county boys have entered into every phase of the work the speaker declared that there was not a failure among the entire hundred and a half men who marched away seven months ago. He proudly stated that they had excelled in practically everything they had undertaken; that they had accomplished what they had started out to do—they have made a success of soldiering.

IRA FULTZ IMPROVES

Messages received from John Fultz at Hattiesburg, Mississippi, who was called to Camp Shelby a few days ago by the critical illness of his son indicate that Ira Fultz is slightly improved. The following telegram was received today by the Rev. John T. Aikin, "Ira very sick. Slight change for the better." The young artilleryman has been suffering with an attack of double pneumonia.

MEAT CAUSE OF
KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinary waste get four ounces of Jeld Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jeld Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia water drink.

the law to mean that the registration board should register the voters and not employ any clerks. In that event members of the board would receive the pay allowed clerks under the law. This construction was placed on the law, members of the board think, so that in counties where the board members want to act as their own clerks and draw the clerks wages, they will be legally entitled to do so.

The section of the law providing the same men shall act as the registration board and primary and general election commissioners is as follows:

"In each county of the state, the clerk of the circuit court and two qualified electors, by him appointed, one for each of the two political parties that cast the largest number of votes for the office of secretary of state in the last preceding general election, shall constitute a county board of registration commissioners, hereinafter called the registration board. Such registration board shall also serve and perform the duties of the county board of primary election commissioners and also the duties of the county board of election commissioners, as provided by law."

The appointment of said two qualified electors to the registration board shall be made on the first Tuesday in the month of January in each year in which a general election is held, and if, prior to that time, the chairman of the county general committee of either party that cast the largest number of votes for the office of secretary of state in the last preceding general election shall nominate in writing a qualified voter of his own party residing in the county for such appointment, the said clerk of the circuit court shall appoint such nominee."

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenruhu, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenruhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allenruhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenruhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenruhu decisively conquers this worst of all diseases, and he has instructed pharmacists to guarantee it in every instance.

True Economy in Shoes

There's no true economy in buying a cheap, unknown shoe for "a dollar less." Buy well known shoes at fair prices, which you'll be asked to pay.

Good Values

In footwear abound in this store, men, women and children, which have been bought on earlier market. Combined with special prices we are offering on special lots of shoes, it will mean a material saving to you. The quality of leather is exceptionally good—these are splendid bargains for everyday wear. The wonderful fitting qualities of our well-known makes of footwear, combined with the rock bottom prices is sure to make a visit to our shoe department unusually interesting.

Urge the members to do as much for others, in a missionary way, as they do for themselves, the Rev. L. E. Brown, pastor of the Main Street Christian church, delivered an interesting address to the members of the Christian Woman's Missionary society yesterday afternoon, at their regular monthly meeting, which was held in the parlors of the church.

Ninety-six members of the society were present and during the afternoon the guests enjoyed a program of musical numbers and papers given by the members of the entertaining division. The new members whose names were added to the membership roll at yesterday's meeting included Mrs. William Kirkpatrick, Mrs. Hugh Manzy, Mrs. Chauncey Duncan, Miss Della Downey, the Rev. and Mrs. L. E. Brown, Mrs. Eliza Worsham, Miss Ella Woluing, Mrs. William Route, Miss Lenora Norris, Mrs. Edward Haywood, Mrs. Louis Henry, Mrs. Lydia Mauzy, and Mrs. E. R. Casady.

* * *

Mrs. Sanford Poston entertained the members of the U I Go club at her home in North Main street last night with a prettily appointed dinner party. Thirty members of the club were entertained and the dining room, in which the dinner was served, was arranged with potted plants and greenery combined with bouquets of spring flowers. Aside from the club members, the guests included Mr. and Mrs. Chase Mauzy and daughters Ruth and Emily. After dinner the guests were entertained at a theatre party.

* * *

The members of the Loyal Daughters Sunday school class will have charge of the Sunday school services to be held at the church Sunday morning at the regular time. Mrs. Marion Finney will have charge of the devotionals. Other members of the class who will appear on the program in charge of the prayers, discussions and musical numbers will be Miss Mary Williams, Mrs. Dora Abercrombie and Miss Wanda Wyatt.

* * *

Twenty-five members of the Immaculate sodality of St. Mary's Catholic church were entertained last night by Miss Margaret Kelly at her home in West First street. The guests spent a pleasant evening over needlework of various kinds, some knitting and crocheting, and others doing embroidery and plainer sewing, in preparation for the Easter bazaar. The members of

the girls of the high school athletic association entertained with a "spread" in the high school gym last night at six o'clock. The picnic menu was enjoyed by the twenty-five members of the association after which the evening was spent in basketball contests and other forms of amusement. Miss Nelle Baldwin, the girls' basketball coach, chaperoned the party and refereed the games during the evening.

* * *

Miss Mildred Bogue entertained her Sunday school class of the Main street Christian church with a pitch dinner party at her home in North Morgan street Wednesday night. Mrs. John Garlin, teacher of the class and sixteen members of the class were the guests and during the evening games and various other amusements entertained the guests.

* * *

Honoring the birthday of her son Russell Bell, Mrs. Fred Bell entertained at her home near Mays Wednesday night with a prettily appointed dinner party. The dining room was attractively decorated for the occasion in bouquets of spring flowers and daintily painted cards marked the places for the guests.

* * *

The members of the Woman's Missionary society of the Flatrock church enjoyed a delightful meeting yesterday afternoon at the home of Mrs. Bert Heaton. A good attendance was present and during the afternoon an interesting program was given by the members.

* * *

Miss Miriam Price and Miss Edeline Brown entertained a number of the latter's school mates Wednesday evening with an informal sewing party when Red Cross war relief work was done. The guests spent a pleasant evening after which the hostesses served light refreshments.

* * *

Miss Estelle and George Poston will entertain the members of the Young Ladies' Circle of the Main Street Christian church at their home in North Main street Monday evening.

* * *

There will be a meeting of the Berlin Lodge on Saturday evening in the Odd Fellows Club Room. Work will be given to the girls in the form of embroidery.

Business Preparedness

We believe that never in the history of this Nation or that of the world, has it been so peculiarly important that our preparation for the thing we call business should be carefully certain. Above all things else, we desire the high ideals and lofty position assumed by our high officials today to become a reality tomorrow. We are more than persuaded, yes, we are sure, the one best way to serve a world's humanity is to keep this actual enormity of business moving to its last degree of earning.

To this end, during our recent quietude have we labored. We invite you to an open inspection of the result of that labor now. We do not ask that one dollar be wasted, or spent foolishly for the very seriousness of the times demands the greatest sanity in our expenditures. But it does appear clearly to us, that you never knew a time when an unjust and unpatriotic hoarding of the world's money, might be fraught with such dire consequences.

SAMMIES IN GERMAN RAID TO BE HONORED

War Department Will Issue Declarations For Them With New Badge of Honor.

FIRST MARKS FOR WOUNDED

Washington, March 8.—America will honor the Sammies who distinguished themselves in the raid of March 1st by the Germans.

The war department plans to issue declarations for them, including a new badge of honor for wounds. The decoration will include a campaign badge, a distinguished service medal and some insignia for wounds. Hitherto no mark has designated America wounded but this new one along with other insignia will be granted hereafter.

Gallant Americans who have been decorated by allied governments for bravery will soon be allowed to wear their medals.

This was assured today when Senator Owen backed by sufficient vote to insure its passage prepared to hasten his resolution authorizing Sammies to wear the badges of allied countries.

The food production and conservation committee is listing all lands as described above. They will spare no effort to bring them into cultivation in line with a determined policy to make Indiana's food production in 1918 far in excess of any previous year's record.

AT A STATE CONFERENCE

L. E. Brown at Men and Millions Movement Meeting Today.

The Rev. L. E. Brown of the Main Street Christian church attended the state conference of Christian ministers held at the Claypool hotel in Indianapolis today in the interests of the Men and Millions Movement.

Plans for raising the last million dollars of the six million and three hundred thousand dollar fund for church benevolences were to be discussed by the ministers and leaders of the movement at today's meeting.

George C. Wyatt, Mrs. J. D. Case and Mrs. J. M. Amos also attended.

Spice Cake That May be Served on Wheatless Days

Mrs. William Barlow has found a recipe for spice cake that may be served on wheatless days with a clear conscience for it has no white flour in it. A number of persons have obtained the recipe from her and tried it out. The ingredients are as follows: 1 cup fat; one cup sugar; 1 cup sour milk; 1 teaspoon cloves; 1 teaspoon cinnamon; 1 teaspoon all spice; 1 teaspoon nutmeg; 2½ cups barley flour; 1 teaspoon soda; 1½ teaspoon baking powder; 2 teaspoons of molasses; 1 box raisins.

The Early Builder Has An Advantage

There may be disappointment ahead for the men who plans this year but waits. When field work opens your own men will be busy and contractors will have their hands full.

Why not get

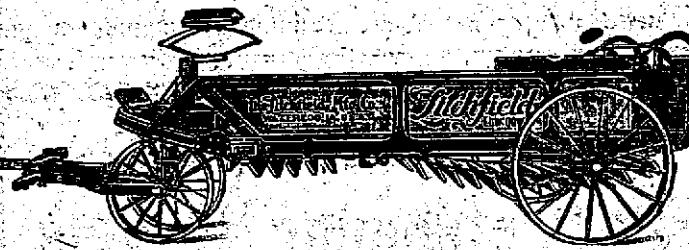

Ahead of the Game

by making use of the first warm days to begin work on your new hog house, stable, milk house, feeding floor or garage?

Building costs probably are lower now than they will be later in the year and you will have the certainty of making profits out of what you propose to build.

We have blue prints for many structures. They are yours for the asking, with estimates of cost. When you are ready, we have lumber, roofing, cement and every other material you will need.

THE HIGH - LOW SPREADER

It will do you good to inspect our HIGH-LOW RUSHVILLE SPECIAL manure spreader on our sample floor and it will do you MORE good to test it in the field.

This machine, built especially for us by The Litchfield Mfg. Co., produces a combination of easy loading, low top rail, with a good big high under-clearance. It easily out-classes all competing machines in this combination.

We believe that fifteen years constant development work ought to produce SOMETHING GOOD along this line and we are able to prove that it does. Here is a spreader that will go through ditches and over rough ground with astonishing light draft and more astonishing staying qualities. In this respect it is way beyond what other manufacturers have ever thought possible.

You will be surprised to see what a HIGH under-clearance this spreader has and still how LOW down and easy to load it really is. The spring seat in front swings down out of the way, and in the rear the tail-gate and everything else is low down and well out of the way for loading purposes. It is easy to load from any direction and in any sort of a place.

It could not be built as low as it is if it was not of extraordinary light draft.

Mr. Robert Williams,
Galesburg, Mo.

December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO,
CINCINNATI.

MARRIED HAPPINESS RUINED BY QUARRELS

FAMILIES ARE BROKEN UP BECAUSE OF NERVES

Doctors claim a man or woman with a strong nervous system has complete control of happiness.

It is only those who are played out by overwork, worry, excesses, and thoughtless dissipation that are quarrelsome and disappointed in life. Do not condemn them, their nerves are starved, they are depleted of life and energy and no thought is given to supply them with food nerve energy to make them calm, strong and controllable.

The foolish waste of nerve force turns a cheerful happy person to the grouch that accounts for so many separations.

Nature requires aid and Phosphated Iron is necessary in such conditions of nervousness, because it contains the vital elements of iron

and Phosphorous and powerful vegetable extracts, the very "food help" the nervous system must have if we are to correct degenerate muscles, that sleeplessness and tired all in feeling, lack of energy, ambition and cheerfulness.

Phosphated Iron gets at the root of these troubles because it feeds the blood and nerve centers, it does this naturally and persistently, and cannot fail to strengthen your vitality, energy and renew the efficiency of body and mind.

Special Notice—To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not allow dealers to give you tablets or pills.—**PITTMAN & WILSON** and leading druggists everywhere. Rushville, Ind. (Adv.)

Notice:- To Owners of the Edison Diamond Disc Musical Instruments

Do Not Play the Re-Creation or Records with any Attachment or any Instrument except the Edison

Some people have been led to believe that this re-created music could be had by playing Edison records on other Phonographs or Talking Machines.

Such is not the case. The actual re-creation of music can be had ONLY by means of the New Edison, with its Diamond Disc reproducer and geared tone arm, which floats the diamond reproducer exact as the record was made for it. We decline responsibility for damage that may occur when this notice is ignored.

In the meantime call at our store and let us explain and demonstrate this instrument to you and show its wonderful merits of recreating music the same as the original.
